

LCC Infotech Limited is a leading Skills and Talent Development Corporation that is building a manpower pool for global industry requirements. The company, which was set up in 1985 to help the nascent IT industry overcome its human resource challenges, today ranks among the leading training companies owing to its vast and comprehensive array of talent development programs. LCC Infotech Limited offers training and development solutions to Individuals, Enterprises and Institutions.

When it comes to Skills and Careers, the IT markets continue to offer significant growth opportunities for LCC. With our new products, business models, and the strengthened leadership team, LCC is well positioned to draw graduates seeking to improve their employability for jobs in these industries. LCC will continue to increase its focus on Deep Skilling as compared to entry level skills. With computers and IT all around us, the need to skilled computer hardware and networking professionals has been ever growing. LCC offers just the right set of programs for students at any stage. LCC will continue to persevere and deliver on promises made to shareowners as well as external and internal customers. Two years ago, as a response to the pandemic restrictions, your Company was swift in moving its complete operations online, including all the student lifecycle processes. This Digital Pivot was key to protecting our business and to survive during the tough COVID-19 related restrictions.

This has been a landmark year, where despite being affected for nearly more than 6 months by multiple waves of the COVID-19 pandemic, your Company has delivered satisfactory financial results. Our financial performance, balance sheet quality and financial ratios have seen strong improvements after a heavy impact from the pandemic in FY2020-21. In the reported financial year, we've also achieved some major operational milestones like empanelment to conduct residential project named "Deen Dayal Upadhy Grameen Kausal Yojana- DDUGKY-UP under Uttar Pradesh Skill Development Mission. With the opening up of educational and training institutes, we are gaining momentum and hopeful of better operational and financial results for the financial year 2022-23.

LCC is currently executing various State and Central Government Sponsored Placement Linked Training Programmes across West Bengal, Bihar, Jharkhand, Odisha and Uttar Pradesh. The Courses/ Trades covered in the projects include Computer Operations & Office Automation, Desktop Publishing, Hardware-Networking, Web Designing, Java Programming, Accounting, Tally, Soft Skills based on MES Syllabus & Guidelines.
